

Double Wheelchair/Emergency Door

Our robust Aluminium design ensures durability, corrosion resistance and years of trouble free operation. The fully sealed and drained units come pre-assembled to a cassette frame ensuring fast installation and a quality fit. The double door provides low sill height, ample access for wheel chair operations and emergency egress.

Maximum glazing to ensure good visibility.

Dimensions

17580Lx1068W
1758Lx1210W
1758Lx942W
Custom design & build.
